

The Executive

by Artique Homes

The Executive

First Floor Plan

A home for statesmen - "The Executive", encompassing grandeur as you approach the exterior and opulence upon entering the interior.

Our designers have encapsulated all the detail a luxury homes should encompass, whilst considering the light and the scale within the home, and our craftsman clearly demonstrate their unsurpassed skills with the finishes - a timeless home full of character.

We understand that individual circumstances vary, therefore alternative layouts and exterior elevation styles are available.
